Friday May 26th- Senior Night! (All graduating High Schoolers welcome) Congrats all graduating seniors, this is a night to celebrate your accomplishments! (More info to come)

Lessons:

Klayma Lesson- We did a walk through of Jesus's final week before the crucifixion. Students were challenged to wrestle with the reality of what Jesus went through for each one of them and the implications that His death had on each of their lives. We also started a series on pray and how to make it more of a priority in our lives.

ROFL lesson- How to do relationships right. Last month we started a series based off of the book peace makers. We looked at that various different relationships that we have and that no matter how hard we try, conflict will arise in our relationships. We talked about the various ways people hand conflict and the consequences that result from them.

Monday Morning- Video Series on Growing in your faith. Last month we went through a video series on how to practically live out your faith and deal with anger, depression, suicide and substance abuse.
